Cori Dantini spends her days in her studio doing all kinds of cutting, pasting, and painting while listening to books on tape. She loves the idea of things, words, and experiences that fill us up. The thoughts in our heads as we move through our days. What makes us who we are. Our history. Our future. Especially how things smash together to make new things (like an inaccurate memory). Her artwork is based on these things.
Bloom & Grow
10 Patterns

Light-hearted depictions of whimsical girls, fabulous florals, novel blenders and a color palette of pink, blue, grey, green and yellow come together to create Bloom & Grow by Cori Dantini. This fun and flower-filled fabric collection is the perfect landscape for your next sewing project.
